PROFESSIONAL SUMMARY

Graduate in Mathematics with double postgraduate specialisation: Master's in Quantitative Techniques (UGR) and Master's in Data Science, Big Data & AI (UCM). Versatile professional combining a strong mathematical foundation with advanced engineering, data science, and analytical skills to solve complex business challenges and drive data-driven decision-making.

PROFESSIONAL EXPERIENCE

NTT DATA

January 2026 – May 2026

Data Engineer & Analyst (Extracurricular Internship)

- Cloud data orchestration, modeling, and advanced analytics utilizing the Microsoft Fabric environment and ETL/ELT pipelines.
- Developed low-code solutions and automated enterprise workflows using Power Apps and Power Automate.

KEY PROJECTS & THESES

- Master's Thesis (Data Science, Big Data & AI - UCM):** Intelligent Dynamic Pricing and Capacity Optimization Engine for Interurban Transport using Deep Reinforcement Learning (PySpark and Streamlit).
- Master's Thesis (Quantitative Techniques - UGR):** Quantitative analysis of virtual influencers' market impact and perception via Structural Equation Modeling (PLS-SEM) on survey data.
- Bachelor's Thesis (Mathematics - UGR):** Scientific outreach project applying mathematical modeling to the geometry of the 17 crystallographic groups in the Alhambra mosaics (19 formally registered videos).

EDUCATION

- Master's Degree in Data Science, Big Data & AI:** Complutense University of Madrid (UCM) | *September 2026*
- Master's Degree in Quantitative Techniques in Business Management:** University of Granada (UGR) | *July 2026*
- Data Engineering Bootcamp:** Fundación AI Granada Research & Innovation, T-Systems and Google Cloud.
- Bachelor's Degree in Mathematics:** University of Granada (UGR) | *December 2025*

TECHNICAL SKILLS

- Languages & Data:** Python (Pandas, Scikit-learn), SQL (PostgreSQL, SQL Server), R (Tidyverse), NoSQL (MongoDB), C++, LaTeX.
- Data Engineering & Cloud:** Hadoop/Spark Ecosystem, PySpark, Microsoft Fabric (Lakehouse), Snowflake, ETL/ELT, Docker, Google Cloud, Azure.
- Data Science & Modeling:** Machine Learning, Deep Learning, Neural Networks, NLP, Time Series Analysis, Mathematical Optimization.
- Tools & BI:** Streamlit, Power Apps, Power Automate, SPSS, Stata.
- Languages:** Spanish (Native), English (C1 Level).
- Other:** Driving Licence (Class B), Own Vehicle, National & International Relocation Availability.
